

END OF 12-HOUR DAY AT HAND IS BELIEF OF GARY

Elimination of Long Working Hours in Steel Industry Declared 'Comparatively Near'

NEW YORK.—Hope for elimination of the twelve hour day in the steel industry in the "comparatively near future" was expressed by L. H. Gary, chairman of the board of the United States Steel corporation, in a letter to the Rev. H. L. Bowdler, general secretary of the Lead's Day alliance of the United States, made public Tuesday night by the alliance. The alliance is making a national survey of conditions respecting Sunday work and a seven day working week.

"After the armistice was signed," Mr. Gary wrote, "we entirely discontinued the seven day week, and since that time have been operating on the six day week basis. I am not aware of any infringement. If we should learn of any, a remedy would be promptly provided."

"We do not believe in the seven day week. Also we are actually opposed to the twelve hour day and are hoping that in the comparatively near future that will be eliminated."

SAND SLIDE IS FATAL TO MAN AT ESCANABA

ESCANABA, Mich.—Isaac Essler, 51, engaged in hauling sand from a pit on his farm to the iron furnaces there, failed to return home Saturday night. His family became uneasy and reported the matter to the plant superintendent. Tracing over his route back to the pit, they found his team and wagon standing at the foot of the sand hill. Essler was found dead, buried six feet under a sand slide. The horses at first refused to leave the place and obeyed only after the body of their driver had been loaded in the wagon to which they were hitched.

PREDICT BUMPER CROP OF RASPBERRIES THIS YEAR

MELLEN, Wis.—The cut over timberland district of Northern Wisconsin will yield one of the heaviest crops of raspberries in recent years, according to reports of game wardens whose activities lead them through great second-growth sections. They report that the raspberries have "far more bearing bushes" than ever this year. The dry spell this spring seems not to have affected the bushes.

SEEK TO ENLARGE DAM AT IRON RIVER

IRON RIVER, Wis.—The Iron River Water, Light and Telephone company has filed a petition with the railroad commission for a permit to reconstruct and raise its dam across Iron river here. The hearing will be held here on July 17. The dam which this one is to replace, was washed out the early part of last December when the company dam at Mud lake, west of here, gave way.

ADJUTANT'S OFFICE TO REMAIN IN MADISON

MADISON, Wis.—The senate killed the Price bill providing for removal of the office of adjutant general to Camp Douglas and reduction in the general's salary from \$5,000 annually to \$4,000. This bill passed the assembly by a large majority.

U. S. ARMY FLYERS MAY CIRCLE GLOBE

WASHINGTON.—Survey of an air route around the world has been authorized by Secretary Weeks preliminary to a decision as to whether an attempt will be made by the army air service to circumnavigate the globe.

FLEW TO CHILD

Mrs. Lucille Mosely of Kansas City literally flew to the bedside of her three-year-old daughter, ill in Denver. She covered 650 miles by plane in six hours. Her presence is believed to have saved the little one's life. Mrs. Mosely did not stop to analyze her feelings to determine whether she was afraid of the air.

N. D. TO PAY \$355,275

BOND INTEREST JULY 1 BISMARCK, N. D.—The state of North Dakota will pay out \$355,275 in interest on state bonds July 1, this being the semi-annual interest payment on all outstanding bonds.

The largest payment will be made on real estate bonds and will total \$228,000. There will be \$4,775 interest on old refunding bonds, \$50,000 on Bank of North Dakota capital stock and \$72,500 on mill and elevator bonds.

There will be ample funds on hand out of taxes levied and collection of interest payments on real estate mortgages, according to Treasurer John Steen.

The interest bill of the state now exceeds \$700,000 annually.

ROCHESTER TO ERECT NEW CIVIC BUILDING

ROCHESTER, Minn.—Tentative plans for a new city hall and courthouse at Rochester, Minn., will be submitted to the city council in two weeks, according to H. L. Crawford, architect who has been engaged to draw plans for a suitable building.

Upon submission and approval of plans, the council will discuss the advisability of calling a special bond election to finance the project.

Citizens backing the movement for a new city hall and courthouse hope that building operations can be started before winter.

DELLS NOT TO BE BOUGHT BY STATE AS PUBLIC PARK

MADISON, Wis.—The Dells of the Wisconsin river will not become a state park by action of this session of the legislature. The senate has defeated the Staudenmayer bill which would appropriate \$70,000 for the purchase of the Dells. A bill to appropriate \$250,000 for the purchase of Northern Lakes park, however, has gone through the upper house and will probably come up for action in the assembly late Wednesday or Thursday.

A movement was started two years ago to have the state acquire the Dells of the Wisconsin river and operate it as a state park. The bill went through both houses at that time but was vetoed by Governor Blaine. At this session of the legislature there has been no movement to acquire the Dells.

CROP REPORT

MILWAUKEE, Wis.—Synopsis of weather and crop conditions in Wisconsin for the week ending Tuesday, June 26:

The hottest weather of the season prevailed. There were frequent showers. Crops on light soils were injured to some extent by heat and lack of sufficient moisture. Corn advanced rapidly but hot weather caused some damage. Small grains are in fair to good condition, but are headed short in southern counties. Rye is not filling well. Hay is general throughout the state; yields mostly poor. The harvesting of the first alfalfa crop is in progress and is nearing completion in the south. Clover is being cut in some sections. Late potatoes are coming up and some fields are being cultivated. Pastures are poor and need rain. Dairy production decreased somewhat. The canning of early peas has begun; yields mostly fair. Cabbage is doing well and transplanting is nearing completion. Truck and fruits are in fair to good condition. The hot weather caused strawberries to ripen too rapidly. Cranberries are doing well. Cherries are beginning to turn. Tobacco plants were injured somewhat and transplanting delayed. W. P. STEWART, Meteorologist.

RARE MALADY KILLS GIRL AT IRON RIVER

IRON RIVER, Wis.—Rachael, 5 year old daughter of Matt Jaakola,

completion. Truck and fruits are in fair to good condition. The hot weather caused strawberries to ripen too rapidly. Cranberries are doing well. Cherries are beginning to turn. Tobacco plants were injured somewhat and transplanting delayed. W. P. STEWART, Meteorologist.

MAN STRUCK BY LIGHTNING MAY BE PARALYZED

Frank Marks, Sparta, Regains Consciousness But Can't Use Right Side

SPARTA, Wis.—(Special).—Frank Marks, who was struck by lightning in the storm of Monday afternoon, has recovered consciousness, but it is feared that his right side will be paralyzed. In the terrific storm, which swept this city and vicinity Monday afternoon about 5 o'clock, Mr. Marks was struck by lightning, while in his barn. The clothing was nearly torn from his body, both horses in the barn were knocked down, but otherwise no particular damage was done by the bolt, and no fire resulted. Mr. Marks was carried into his home, and worked over during the greater part of the night. This morning he regained consciousness, but has not the use of his right side.

New Water Supply

The city of Sparta is now getting its entire water supply from the new well sunk near the tank at Hollow Bluff, just north of the city. The city water commission had this well sunk last November to the depth of 130 feet and since that time about half of the city water supply has come from it. The commission, however, was not satisfied with this supply, and has had the well sunk to 170 feet. It now supplies 300 gallons per minute and was connected last Friday to supply the entire amount for the city's consumption. The water from the new well is an altogether different kind than what was gotten from the old well, and has very little iron in it. From the test made at Madison, the proportion is less than one part to a million, as compared to eighteen parts to a million from the old wells.

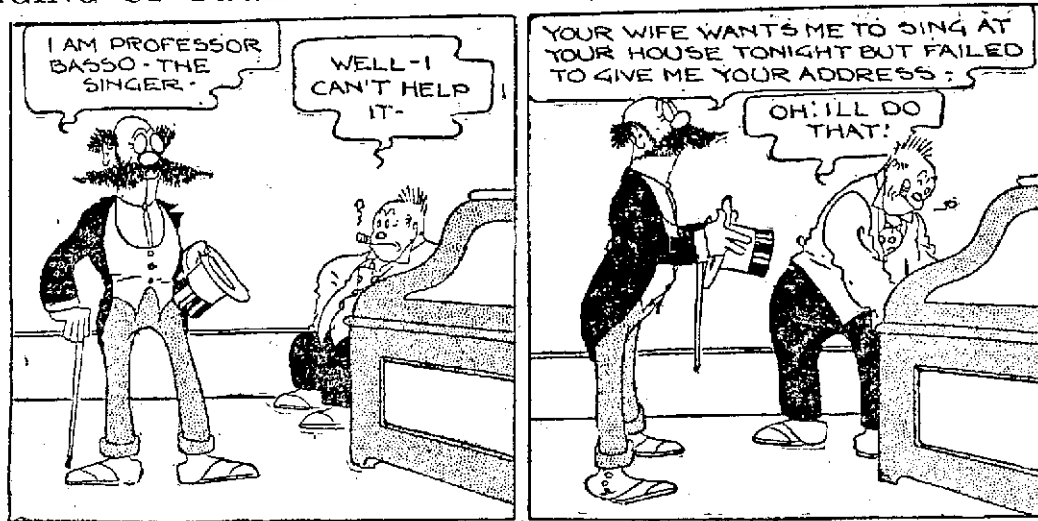

The old tank was cleaned from water and iron before the new supply was turned in, but the water still shows some signs of the iron, from the sediment in the mains, but this will soon be done away with.

The water from the new well is pumped with an electric engine, which is housed over the well and controlled by an electric switch and requires very little attention. The water pumped by this electric pump is pumped at a saving of 25 per cent of what it has cost the city to pump it with the steam pump. The water commission is so well satisfied with the new plant, that they plan to sink another pump on Hollow Bluff as soon as possible to be used in emergency.

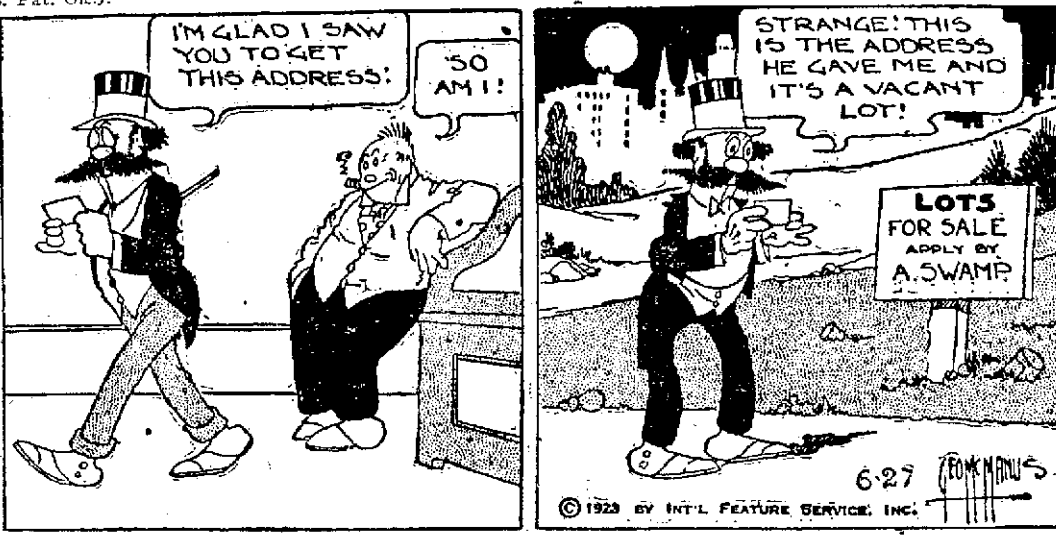

The steam plant now is an emergency station. The water commission is composed of Lee Canfield, president; G. M. Newton, secretary; Mayor R. B. McCoy; Alderman Will Naset and Morris Steele.

A shoe factory in Binghamton, N. Y., established by George F. Johnson, employs steadily over 14,000 workers.

LIGHTNING STRIKES CHURCH AT GRATIOT LOSS IS \$75,000

JANESVILLE, Wis.—St. Joseph's Catholic church at Gratiot, sixty miles west of here, was struck by lightning Monday night and totally destroyed with a loss of \$75,000. This is the third time this structure has been hit. It was partially destroyed two years ago in an electrical storm.

FOUR MORE RESIGN FROM AMHERST POSTS

AMHERST, Mass.—As a result of the ousting of President Minkelson of Amherst college, four more members have retired from the faculty. These men announced on Sunday that their resignations had been forwarded to President George A. Plimpton of the board of trustees: Walter Hamilton, professor of economics; Walter W. Stewart, professor of economics, or two years' leave as director of analysis and research for the federal reserve board at Washington; Albert Parker Eitch, professor of the history of religion

HEALTH CONDITIONS IN WISCONSIN SHOW NEW HIGH STANDING

MADISON, Wis.—An index of Wisconsin's high standing respecting general health conditions is furnished in the quarterly publication of the state board of health, mailed this week. In infant mortality, a valuable criterion for judging health conditions, Wisconsin in 1921 presented one of the best showings, with a rate of only 72 deaths per thousand births.

INSPECT LEVIATHAN FOR TRANSOCEAN TRIP

NEW YORK.—With three world speed records already captured, the United States shipping board liner Leviathan is being thoroughly inspected at her pier here preparatory to her first transatlantic voyage as an American merchantman. It is expected that the record for the run from New York to Southampton will be shattered on her trip, which starts on July 4.

LIGHTNING LOSS HEAVY

LADYSMITH, Wis.—Three large barns on the farm of John Tysan, near Ladysmith, were destroyed by fire when lightning struck one of the buildings.

KITCHEN CABINET

Your kitchen cabinet should be entirely emptied of its contents at least once a month and thoroughly washed and aired.

WALLPAPER

Always keep what paper is left after papering a room. Then if any

accident occurs, a new strip may be put on.

CROCHETED ARTICLES

Crocheted and knitted articles should be dried on flat surfaces, covered with a cloth and patted and pulled into shape.

PONGEE BLOUSES

Let your pongee blouse become absorbent dry before you iron them.

then, without sprinkling, press with a warm iron.

INDICT BROTHERS FOR MURDER OF VIRGINIA PASTOR

CUMBERLAND, COTTONWOOD, Va.—Robert O. Garrett and Larkin S. Garrett, brothers, prominent county officials, were indicted for first degree murder by a special grand jury Tuesday afternoon. They are charged with shooting to death the Rev. D. L. Pierce, pastor of five Baptist churches in this county, in front of his home June 5.

A marked degree of suppressed excitement was evident when Judge R. D. White convened the grand jury. A squad of Richmond police was on hand to aid the many special deputies who had been sworn in to preserve order.

Parkie Dean, secretary to Gov. E. T. Tamm, is here to obtain first hand information as to the situation and to keep the governor advised as to conditions.

GOVERNOR PUTS MARTIAL LAW OVER A SHERIFF

OKLAHOMA CITY, Okla.—Gov. Walton Tuesday placed Oklahoma county under martial law, declaring in his proclamation that a state of lawlessness and terror exists there.

Military control will be confined for the present at least to the sheriff's office, the governor's secretary said, adding that all civil authority would be superseded.

The proclamation said the order was a result of the refusal of the sheriff to enforce the law.

John Russell, lieutenant, is the sheriff. He was elected last November.

"Unnecessary arrests," "insults to prisoners," and the killing of a colored man in a liquor hunt are charged against the sheriff's rule.

COLD MOUSSE OF CHICKEN OR VEAL

BY BERTHA E. SHAPLEIGH

Chop up finely one cup cold cooked chicken or veal and cook in one cup of well seasoned chicken or veal stock for five minutes. Add one tablespoon gelatin that has soaked in one-fourth cup of water, one-half teaspoon salt and one-half teaspoon paprika.

Place over fire until it begins to stiffen. Then fold in one cup stiff beaten cream. Season more if necessary and chill in ice for three or four hours.

Turn out on lettuce and serve around it asparagus tips, peas or tomatoes cut into quarters or eighths. Dress French dressing over the lettuce and vegetable before serving.

This is a cold dish to serve at a luncheon or supper on a warm day, or for the evening supper.

SCARFS FASHIONABLE

This year the fashionable flocks devote all their energies to the skirts and leave the blouses quite plain. Consequently bare scarfs and yards of tulle wound about the throat are particularly effective.

CHILDREN'S HATS

For children there are very charming hats in mushroom shape, of light straw bound with a bright color and decorated with quaint birds and flowers made of raffia.

SCALLOPED EDGES

Scallops are effectively used this season on crepes and linens. Sometimes they are bound with a contrasting color or with grosgrain ribbon.

MARRIAGE SUCCESS OR FAILURE? AGE 28 PROPER TIME TO MARRY

MRS. MARION MEYER DREW

BEACON, N. Y.—"No woman should marry before she is 28," warns Marion Meyer Drew, astrologer.

"Planetary formations prove that her judgment begins to mature only at this period and before this she is scarcely able to choose a congenial companion for life."

Mrs. Drew believes that if people had their horoscopes read, nine out of ten couples would delay their marriages, and half of them would never marry at all.

"Marriage," she continues, "is an unusually interesting study from the astrological standpoint, because it can be worked out by applying general laws to specific cases."

Influence of Zodiac

"Unhappy marriages often result from persons marrying who are born under the same zodiacal sign. They get along well for a time, but soon here each other because they have mistaken a temporary sympathy for real love. Their ultimate discontent results from a life of monotony."

The county board road committee and County Highway Commissioner Hingren will meet in Holmen Thursday morning for an inspection of State road, No. 195 and other road projects in the northwestern part of the county.

For an ideal Sunday's outing this trip cannot be surpassed in any part of the state. Better spend next Sunday there as the cherries are at their best now. Fruit is sold at all times.

Mr. and Mrs. W. D. Babb and Ida M. Babb left for a motor trip to Otjawa park, Brainerd, Minnesota, to visit Mr. and Mrs. Feisch, formerly of La Crosse.

Viavi Friends—All wishing it explained will be welcome. Health talks every afternoon, 4 o'clock. Viavi aids nature to cure chronic diseases. 312 Rivoli Bldg.

Miss Martha Mattson of Minneapolis is here to teach parochial school in the Bethel Lutheran church.

See the Kickapoo Valley First.

Earl H. Field of Stevens Point, a grocer, filed a petition in bankruptcy in United States court here. He has liabilities of \$2163 and assets of \$378.

The river has risen a half foot in three days here and is now over the three-foot mark. The rise will be

halted inside of two days, it is believed.

Roy Van Alstine of Winter, Sawyer county, is bankrupt with liabilities of \$2172 and assets of \$341.

A son, Billy Ray, weighing eight pounds was born to Mr. and Mrs. C. Fred Schweikert, at St. Ann's hospital, Sunday, June 24.

UNCURSHABLE RIBBONS

Uncrushable ribbons are used on the newest lingerie and they are a great improvement over the old type. You can crumple them in your hands as hard as you like, but they smooth out immediately after you release them. They are washable also.

FANTASTIC BAGS

The most festive and fantastic rubber bags are on the market to be used for carrying the bathing suit and from the beach. They take the form of dolls, ducks, chickens and bouquets, and are much more decorative than the old style of holder.

The islands of Scotland number about 300 altogether.

F. P. BLUMENFELD AND MRS. LINDEMANN MARRIED WEDNESDAY

AT THE HOME of the bridegroom's daughter, Mrs. Paul M. Pamperin, 125 Seventeenth place, this city, Mr. Franklin Pierce Blumenfeld and Mrs. Emily Lindemann of Milwaukee were united in marriage Wednesday afternoon at four o'clock. The ceremony was a quiet affair, being performed in the presence of members of the family only. Following the nuptial vows, a wedding dinner was served, after which Mr. and Mrs. Blumenfeld left on a trip to Europe, which will continue until September.

A prenuptial breakfast was held at the Country club when places were laid for nine guests. Wednesday night Mr. and Mrs. Pamperin will entertain at a dinner-dance at the Country club in honor of Miss Charlotte Lindemann, daughter of the bride, who arrived on Tuesday from Wellesley college.

MISS MARGUERITE FAY, a former kindergarten teacher of this city, recently passed through town on a motor trip to the northern part of Wisconsin and Minnesota. Miss Fay is director of the kindergartens of Evansville, Ind., and she was accompanied by a friend, who holds the position of director of music in the schools also of Evansville.

SEVENTY-FIVE guests were served at noon-day luncheon ladies' day at the Country club. Among the hostesses were Mrs. Elsie Gile Scott, Mrs. E. L. Colman, who had twelve guests; Mrs. E. M. Wing, ten; Mrs. R. E. McCormick, eight; Mrs. Alfred J. Capellen, nine, and Miss Charlotte Loomis, six.

BENJAMIN A. EDWARDS, who has been attending the Wharton School of Commerce, University of Pennsylvania at Philadelphia, has returned to the city to spend the summer with his mother, Mrs. E. O. Edwards, 1404 Cass street.

MISS HELEN STELLINGWATER, 115 North Tenth street, was hostess on Monday evening at a delightful prenuptial affair, which was given in honor of Miss Gertrude Merman, a June bride. A miscellaneous show of gifts was presented to the bride-to-be and a dainty luncheon was served.

MARK EXCH, Newell and Jack Holley are home from Hamilton college at Clinton, N. Y.

THE MISSES ANN and Helen Edwards of Orlando, Fla., formerly of this city, will sail June 21 for a trip abroad.

MISS FRANCES McConnell, who accompanied her parents, Mr. and Mrs. John E. McConnell, on their trip on the continent this summer, has returned home. Miss McConnell stopped off at Poughkeepsie to take the examinations prior to entering Vassar college in the fall.

THE LADIES' AID society of St. Paul's Lutheran church, West avenue and Division street, meets Thursday afternoon at the parlors of the church

and will be entertained by Mesdames N. Haugen, H. A. Eide and Andrew Larson. An apron sale will be held. The Men's society of the church will meet in the evening of the same day at half-past seven o'clock. A cordial welcome is extended to all.

BILLY BUNGE, son of Mr. and Mrs. George W. Bunge, was a member of the graduating class of 1923 of Deloit college.

MRS. ANNA REASER of Chicago, who has been visiting her sister, Miss Barbara Nevey, left Wednesday morning for Ashland.

THE LADIES' INDUSTRIAL society of the First Baptist church will hold its regular meeting at Myrick park Thursday afternoon. All the ladies of the church and congregation are invited to be in attendance at three o'clock and remain for supper. The men of the church are also invited. The supper will be in the nature of a surprise. Each one is requested to bring sandwiches and one other article of food, also dishes and silver.

As this will be the last meeting of the year until September, it is hoped that there will be a large attendance. In case of rain the gathering will be held at the church.

MRS. FRANK SCHALLER and daughter, Anna, 1311 South Fourth street, have left for Okanagan, Wash., to visit Mrs. Schaller's sons, Clem and Frank Schaller. Mr. and Mrs. James R. Gordon of Mitchell, S. D., will join the party at St. Paul to go to points in California and others of interest enroute.

THE MEMBERS of the J. B. B. club held their annual outing at Pettibone park on Sunday. In the party were the Misses Ruth Pitzer, Eleanor Jiracek, Martha Datschull, Eleanor Michel, Hattie Hottinger, Emma, Lucy and Elsie Harder. Mrs. Gust Datschull and Master Harold Pitzer.

THE LADIES' society of the First Presbyterian church will hold a picnic luncheon at the grounds of the Agricultural Institute at Oshkosh on Thursday. A noon meal will be served and the usual business meeting will be held. The ladies will bring sandwiches and one other article of food, also dishes and silver.

AT THE FIRST Presbyterian church manse, Rev. Claude R. Shaver, united in marriage Richard C. Davis of Rochelle, Wis., and Miss Myrtle Hintze of Prairie du Chien, Friday, June 15. The couple was attended by Messrs. W. W. Eolo of Rochelle and Neal C. Hintze of Prairie du Chien.

THE LADIES' AID society of the Norwegian Lutheran church of Oshkosh will give an ice cream and coffee social on Dahlby's lawn this Friday night.

A NINE-POUND SON was born on Monday, June 25, to Mr. and Mrs. Thomas Preitnsky, 325 Hager street.

GONA COFFEE pleases the palate. John Burroughs, famous naturalist, obtained money to buy books by tapping maple trees and selling the sugar, in his youth.

MEDIUM BROWN HAIR looks best of all after a Golden Gint Shampoo. —ADV.

\$1,000,000 IS SUM APPROPRIATED FOR BOVINE T.B.

Only \$100,000 Spent in Fighting Human Plague Claims Harrington

Legislature is now in session in Madison. One million dollars has been appropriated to be used in fighting tuberculosis in cattle. Wisconsin has two million dairy cows and produces more cheese and more condensed milk than any state in the union. This state stands second in the production of butter and powdered milk. An investment of one million dollars for exterminating tuberculosis in our dairy herds will bring splendid financial returns to the people of the state, says Dr. Harrington.

What about tuberculosis in human beings? Are citizens less valuable than our dairy herds? Less than \$100,000, is expended each year in fighting human tuberculosis. In spite of the small amount of money expended the results have been very gratifying.

In 1908 when the Wisconsin Anti-Tuberculosis Association was organized, the death rate was 108 per 100,000 population. The death rate is being gradually reduced, and in 1921 there was splendid showing of 73 deaths per 100,000 and in 1922, 67 deaths per 100,000. At this rate the death percentage from tuberculosis in Wisconsin will be cut in two in less than twenty years.

If the death rate of 1908-9-10 had continued through to 1921 and 22, we would have lost more than 1,000 additional citizens each of the past 3 years.

Stop and measure, if possible, what it means to Wisconsin to save 2,000 additional citizens each year. Figure the value of human lives. Estimate, if possible, the amount of money that would be expended in medical care hospitals, nursing, etc., and figure the saving in unnecessary suffering to people whose families are dying from this unnecessary and burdensome disease.

One of the big factors in this rapid reduction of the death rate is the Free Chest Clinic. More than 24,000 people have been examined by this clinic. Many cases of early tuberculosis have been discovered. Because of early discovery, early recovery was made possible.

At the clinic yesterday, the daughter of a farmer came in for examination. She was to be married in a few months. On examination it was found that a small portion of one lung was affected with tuberculosis. Instead of a marriage this fall, this sensible girl is

PLAN CONVENTION OF FORD CLUBS IN WOLVERINE STATE

Dearborn Club to Prosecute Vigorous Campaign to Secure Ford's Nomination

DETROIT, Mich.—Planning vigorously to push its campaign to bring about the nomination of Henry Ford for president, probably as the leader of a third party, the Dearborn Ford Club is considering the calling of a convention of all Ford clubs in Michigan. It was announced Wednesday by the Rev. William Dawe, leader of the movement in the home town of the Detroit manufacturer.

While no date has been announced for the proposed convention, it would be held in Dearborn, Dr. Dawe said the object being to effect a national organization and co-ordinate what thus far has been purely spontaneous organization of Ford clubs. Plans of the Dearborn leaders contemplate a call for an assembly of delegates from Michigan clubs, but Dr. Dawe declared the proposed convention might develop into a national affair. A meeting of the executive committee of the Dearborn organization to be held later will attempt to put the convention plan into a definite shape, Dr. Dawe said.

Correspondence with numerous Ford clubs throughout the country makes it clear, according to James E. Green, secretary of the Dearborn organization, that Ford supporters desire a third party.

"The movement has grown to such proportions," J. Green declared, "that there is only one thing left to do and that is to create a national organization."

STATES PLUNGE AS U. S. CUTS TAX—HARDING

(Continued from page one)

to suit individual departments which have never visualized the government as a whole, and felt no concern about the raising of funds, we are scrutinizing justifying, coordinating, and not only halting mounting cost, but making long strides in reducing the cost of government activities.

"Perhaps the budget system would not accomplish so much for taxing and spending divisions smaller than the state, but a resolute commitment to strike at all extravagance and expend public funds as one would for himself in his personal and business affairs will accomplish wonders."

Figures furnished to him by both the Treasury and the Census Bureau the President stated, "make it perfectly plain that whereas the cost of federal government is being steadily reduced, the cost of state and local governments is being just as steadily increased, year by year."

State Expenditures Climbing
"Take the costs of state government," he said, "I am informed that the revenues of the states in 1913 aggregated \$368,000,000 and that in 1921 they had increased to \$559,000,000; that is, they had increased one hundred and sixty-one percent, or, they had increased 151 per cent, and every dollar of that increase had to come in some way or other from the public. The expenditures of the states in 1913 aggregated \$453,000,000, and in 1921 they were \$1,093,000,000, an increase of 163 per cent. The indebtedness of the states in 1913 amounted to \$423,000,000 and in 1921 to \$1,012,000,000, an increase of 139 per cent."

"Turn now to the cost of city government. The Census Bureau has compiled data on the governments of 227 of the large cities. It is shown that these cities in 1913 collected \$490,000,000 in all revenues and in 1921 they collected \$1,567,000,000; that is, they were compelled to take 76 per cent more in taxes in 1921 than they had taken in 1913. The same group of cities expended in 1913 \$1,010,000,000 and in 1921 \$1,726,000,000, an increase of 71 per cent. The total debt of this group of cities in 1913 was \$2,001,000,000, which by 1921 had risen to \$4,234,000,000—an increase of 49 per cent."

"County administration appears from the rather limited information which at this time the census authorities have been able to produce, to have shown a much larger proportionate increase in cost and tax collections than did the government of cities."

Urges Payment of Debts

"There is but one way for the community finally to get back on its feet, and that is to seriously about paying its debts and reducing its expenses. That is what the world must face. The greatest and richest government must face it, and so must the humblest citizen."

"If I could urge upon the American people a single rule applicable to every one of them as individuals and to every political or corporate unit among them, it would be to learn to spend somewhat less than your income all the time. If you have debts, reduce them as rapidly as you can; if you are one of the fortunate few who have no debts, make it a rule to save something every year."

"Keep your eye everlastingly on those who administer your governmental units for you: your town, your county, your state, your national government. Make them understand that you are amending the rule of thrift and saving in your personal affairs, and require them to apply it in their management of your public affairs. If they fail, find other public servants who will succeed. If they succeed, give them such encouragement and inspiration as will be represented by a full measure of hearty appreciation for their efforts."

MILLER ESTATE OVER MILLION
NEW YORK.—An estate of \$1,270,754, all in stock of the New York Times, of which he was editor and one of the principal stockholders for years, was left by Charles Ransom Miller according to a tax appraisal filed Tuesday. Mr. Miller died July 18, 1922.

TIGERS' TIGER

Princeton has a real tiger mascot, presented by John P. Howard to the Tigers for beating Yale at football last year. His son, a member of last year's team, is shown here with the live mascot.

OFFICIALS DISCUSS PLAN FOR SEIZURE OF FOREIGN SHIPS

Drastic Steps Contemplated if Foreigners Persist in Disregarding U. S. Rules

WASHINGTON.—Seizure by the United States of foreign vessels bringing in liquor in violation of the supreme court decision and treasury regulations is understood to have been considered in a series of conferences between treasury and prohibition officials.

Thus far there has been no attempt to do more than confiscate the liquor itself but some of the officials who sat in the conferences are understood to have urged that more drastic steps should be adopted if foreign shipping companies are to continue their policy of openly disregarding the treasury ruling against bringing liquor stores into American jurisdiction. No decision was announced.

ATTEMPT MADE ON LIFE OF JUGO-SLAV PREMIER
LONDON.—By The Associated Press.—A Central News dispatch from Belgrade says six shots were fired at the Jugo-Slav premier, Nikola Pachitch, as he was leaving parliament but that he escaped unhurt. A man named Rinch was arrested.

BOOST RAIL MEN'S PAY
SCRANTON, Pa.—The Delaware, Lackawanna & Western railroad will increase the wages two cents an hour beginning July 1, for its shopmen employees who have been out on strike since July 1, 1922.

VOTE OLD AGE PENSIONS
MADISON, Wis.—Old age pensions for Wisconsin citizens reaching the age of 70 without means of support, were voted by the senate Wednesday, with first engrossment of the Garey bill, 17 to 14.

ORPHANAGE COLLAPSES
CALCUTTA.—Thirty-nine Mohammedan boy orphans were killed and fifty-eight injured when an orphanage building collapsed in which there were 200 children housed.

MINNEAPOLIS FLOUR
MINNEAPOLIS, Minn.—Flour unchanged to 40c lower in 100-lb. Family Patents quoted at \$6.20 to \$6.25 a barrel in 48 pound cotton sacks. Shipments, 42,442 barrels. Bran—\$10.50 to \$11.00.

CARD OF THANKS
We wish to thank the many friends and neighbors for the kindness and sympathy shown us during our recent bereavement, the death of our father and brother, Louis N. Johnston. Especially do we thank Rev. Rowles, the publishers and those who sent floral offerings.

Mrs. Belle Johnston and children, J. W. Johnston.

HONORED

Mrs. Maggie Morris of Winfield, W. Va., is the first woman member of a board of equalization and review in her state. She was chosen in preference to two men applicants. She has been active in politics for several years.

Among many African races there are no words to indicate time.

DOZEN NEW RECORDS SOUGHT BY FLYERS TAKING AIR TODAY

Two Aviators to Attempt to Stay Aloft for Four Days and Four Nights

SAN DIEGO, Calif.—Captain Lowell H. Smith and Lieut. John B. Richter, army aviators, who early Wednesday took the air in an attempt to set up a number of world aviation records, were forced to descend at 10:25 o'clock this morning, due to the generators of their motor having burned out. Smith and Richter had been in the air slightly less than six hours when compelled to abandon their record efforts.

SAN DIEGO, Calif.—By The Associated Press.—Captain Lowell H. Smith, American premier forestry patrol flyer and his noted wing mate, Lieut. John B. Richter, took off from Rockwell field at 4:33 2-5 o'clock Wednesday morning in a De Havilland plane in which they hope to remain aloft for four days and four nights, and to break or establish twelve aerial records, among them being the endurance record, which they hope to attain by re-fueling in mid-air.

A star shell fired by Lieut. Virgil Hines, notified observers stationed at three pylons several miles apart that Smith and Richter were on the wing. Perfect flying weather greeted the two aviators for the start of their flight along the fifty kilometer course.

The three pylons during the hours of darkness will be brilliantly illuminated by electric searchlights, that Smith and Richter may quickly pick up the turning points.

Complete success attended a refueling test made at 9:45 o'clock when fifty gallons of gasoline was transferred from a plane piloted by Lieut. Virgil Hines and Frank Siefert to the plane in which Captain Smith and Lieut. Richter are endeavoring to establish a new series of world aviation records.

ASSEMBLY O. K.'S APPROPRIATION FOR STATE UNIVERSITY

Favorable Action Taken Despite Threat to Kill Education Appropriation Bills

MADISON, Wis.—The assembly Wednesday engrossed the university appropriation bill carrying \$4,500,000 each year for two years. There was no record vote. The action followed the adoption by the assembly Tuesday of a joint resolution threatening to kill all education appropriation bills unless the senate passes an income tax bill.

The assembly attached two amendments to the bill providing that the appropriation shall be raised by surtaxes instead of by mill and property taxes. It rejected an amendment by Assemblyman Goodman, reducing the appropriation by \$700,000.

The assembly decided to hold another session Wednesday night when it expects to dispose of most of the bills remaining on its calendar.

TWELVE INJURED IN BOMB EXPLOSION IN WIESBADEN STATION

WIESBADEN, Germany.—By The Associated Press.—Two of the twelve persons wounded Tuesday by the explosion of a bomb in the waiting-room of the railway station here, died Wednesday. The victims were among a large number of Germans who were awaiting a train and it was assumed the bomb throwing was resorted to in an effort to deter German civilians from patronizing trains controlled by the French.

The force of the explosion was such as to blow out entirely the front wall of that part of the station in which the waiting-room is located.

GREEN BAY MAN DIES IN MILWAUKEE HOTEL
MILWAUKEE, Wis.—H. R. Brann, 38, Green Bay, Wis., was found dead in the Hotel Martin here Wednesday morning from poisoning. Authorities say that the circumstances of his death indicate that he committed suicide.

TELEGRAPH FROM MORMON TABERNACLE FOR FIRST TIME
SALT LAKE CITY.—Telegraph instruments ticked for the first time in the sixty-one years' history of the Mormon Tabernacle as The Associated Press dispatches of President Harding's address were sent from there throughout the country.

SEIZE JAP LIQUOR
HONOLULU.—United States customs officers seized 292 quarts of liquor on board the Japanese liner Kure Maru, which was the first Japanese vessel to arrive since the new seizure rules became effective.

OBITUARY

ANNA ZANTHER
Miss Anna Zantner aged 20 years, daughter of Mr. and Mrs. Nicholas Zantner, residing on St. Joseph Ridge, died Wednesday morning at 5:30 at the residence of Mr. Mathias Lusk, 1574 Denton street, after an illness of one year duration. She is survived by her parents and three brothers. The funeral services will be held Friday from the residence on St. Joseph Ridge at 8:30 and from the St. Joseph Ridge Catholic church at 9 o'clock. Rev. Father Praling will read the requiem mass. Interment will be made in the St. Joseph Ridge cemetery.

Life is very serious to Mohammedan men, who rarely smile or joke.

HERMAN BOERNER, OLD RESIDENT OF CITY, PASSES AWAY

Death Comes Wednesday Morning After an Illness of Five Months

Herman Boerner, for many years a resident of this city, died at his home, 420 Vine street, early Wednesday morning. He had been ill for five months. The funeral arrangements will be made later. Surviving Mr. Boerner are his wife, four daughters, two sons and four grandchildren. Mrs. R. Buchheim, Mrs. E. Christian, Mrs. W. H. Goodenough, Mrs. Frank Heiberg and Herman and C. A. Boerner, all of this city, and Florence Christian, Mrs. L. Glasen, Catherine Heiberg and Mrs. Kramer of Hohokah. Mr. Boerner was born in Saxony-Weimar, Germany in 1847 and came to America when 16 years old. He came to La Crosse in 1886. Two years ago last September, Mr. and Mrs. Boerner celebrated their golden wedding anniversary.

SPRING GROVE MAN DRIVES OVER PIKE FINED IN COURT

Gustav Larson Arrested Here on Charge of Driving While Intoxicated

Gustav Larson, Spring Grove, narrowly escaped injury Tuesday when the automobile he was driving dashed over the sunspike road near the ice houses across river. He was fined \$52.50 in police court Wednesday morning on a charge of driving an automobile while under the influence of liquor.

Police pursued Larson as he zig-zagged south on Second street, from Main to Pearl streets, and over the bridge. In the vicinity of the Grosch and Mader ice houses, Larson's machine took a sudden lead down the embankment. The car was recovered by the Elsen and Phillips garage.

Two other motorists, Carl Ransford and Chas. Blanchard, were fined \$12.50 each in police court Wednesday morning on a charge of speeding.

JUDGE FINDS FOR HANSELS IN SUIT AGAINST COLONY

GRAND RAPIDS, Mich.—A final decree in the suit brought by John and Margaret Hansel, formerly of Nashville, Tenn., against Benjamin Purnell and House of David at Benton Harbor, was filed in federal court Tuesday by Judge John Sater of Columbus, Ohio, in which he:

- 1—Overruled the application made by the House of David for a rehearing.
- 2—Awarded the Hansels \$24,073.05 with costs.
- 3—Overruled the defendants' request for the appointment of a receiver.

NEW OUTBREAK OF LAVA IS REPORTED FROM MOUNT ETNA

LONDON.—By The Associated Press.—A new violent eruption broke out Wednesday morning near the summit on the south side of Mount Etna, plainly visible to the naked eye in Catania, says a Rome dispatch to the Central News. It is feared the observatory has been overwhelmed.

Professor Carrara reports the new flow of lava is progressing at the rate of a kilometer an hour.

MINNEAPOLIS TRIBUNE TAKES OVER THE NEWS

MINNEAPOLIS, Minn.—The Minneapolis Tribune, publishing morning and evening editions, announced Wednesday that it had taken over the circulation of the Minneapolis News, an evening paper, from the Perry-Lloyd Jones interests, and that The News will not appear after this date.

The Tribune did not purchase the News machinery and building. The News circulation was given as 40,852. The monetary consideration was not announced.

FRECKLES

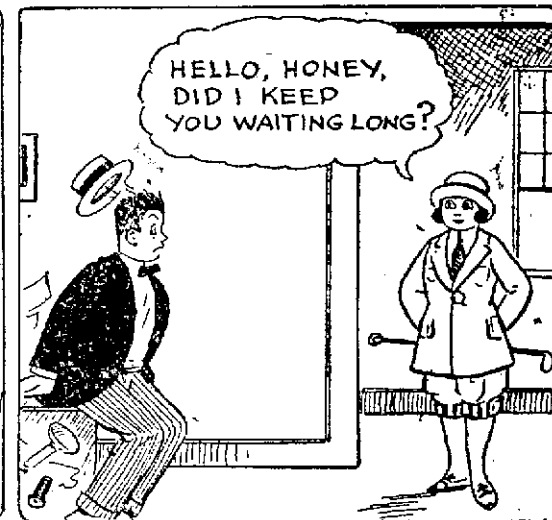

SOUNDS REASONABLE

THE DUFFS

HIS GOLF IS NOW COMPLETE

VALUABLE RECORDS ARE LOST IN PEKING FIRE
PEKING.—By The Associated Press.—Fire that destroyed several minor buildings in the imperial city early

Wednesday, is said to have consumed a quantity of valuable ancient records of the deposed Manchu dynasty. Firemen from the Italian legation tried to help put out the fire but were ham-

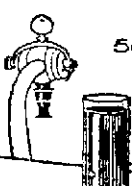

pered by regulations of the republican government prohibiting the opening of the gates to the Forbidden City of China's overthrown monarchy. The property damage was small.

Drink GRAPE BOUQUET

A beverage that in taste and color resembles a sweet red wine—fragrant, sparkling and refreshing—at all fountains or by the case from your grocer.

Delicious as a flavor for frozen ices and other desserts—or mixed with fresh fruits, a delightful summer punch.

TIKHON DEAD, NOT RELEASED, CLAIM RIGA NEWSPAPERS

Moscow Dispatches of Tuesday Declare Prelate Was Freed from Prison

RIGA.—Tikhon.—By The Associated Press.—According to statements printed in the newspapers here, Archbishop Tikhon, former patriarch of all-Russia, died in prison on June 16.

(The date is the date given in Moscow dispatches on which the patriarch addressed a letter to the supreme court adjuring anti-soviet tendencies. The Moscow soviet officials say he has since been released but do not reveal his whereabouts.)

The Baltic newspaper advises said to have been received from Moscow, to the effect that Archbishop Tikhon died in jail, charge that his death was the result of poison.

MISSOURI DRY LAW

JEFFERSON CITY, Mo.—By The Associated Press.—Missouri's new dry law, passed by the last general assembly, became effective Monday.

It is one of the most stringent state prohibition acts in the nation, its exponents declared.

The law provides drastic regulation of so-called "soft drink bars," provides heavy fines and jail sentences for county and city officers who fail to enforce the law and exacts heavy penalties from those violating the prohibition act.

"MILLENNIUM" HITS ILLINOIS TOWN AS CHURCHES UNITE

This is the first consolidated church in Illinois. It is at Metamora, below is its minister, Rev. J. D. Calhoun.

METAMORA, Ill.—Church folk have forgotten their doctrinal differences here. And poor attendance at Sunday services, ill-paid pastors and irregular pulpit supply are but echoes of the past.

There used to be five Protestant churches. Now there is only one. Presbyterians, Methodists, Baptists, Congregationalists and Christians all had small houses of worship with straggling congregations.

Today they all meet under one roof in a building large enough to house them all comfortably. One pastor, Rev. J. D. Calhoun, now attends to their combined spiritual needs.

The new church incorporates every one of the distinctive denominational architectural features the old structures contained.

Thus goes to Metamora, where Abraham Lincoln and other scintillating legal lights practiced in the days preceding the civil war, the distinction of opening the first consolidated church in Illinois.

And Metamora believes it has solved the problem of the small-town church.

NAME FAMOUS IN FRANCE RESTORED TO GUARD COMPANY

GREEN BAY, Wis.—"Battery B, 121st Field Artillery" the name that Green Bay men made famous on the battle fields of France has again been given to the local unit of the National Guard, it was announced by Capt. Henry J. Larquin.

This proud title was restored to the Green Bay Battery upon the organization of the 1st Battalion, 121st Field Artillery under Maj. N. M. Schantz, Madison. There are in the 1st battalion now Headquarters and Combat train of Hartford, A. Battery of Milwaukee and B. Battery of Green Bay.

"Battery B is one of the best equipped organizations in the state," its captain said. It has \$250,000 worth of equipment, including four 6-inch howitzers, 12 caissons, a reel and cart, machine gun trailers, two and 14 five-ton tractors, in addition to the personal equipment of the men.

The Illcillewaet glacier at Glacier, British Columbia, has retreated at the rate of 112.5 feet a year for the last four years.

BOLT OF LIGHTNING KILLS 2 ACTORS AT LONG ISLAND BEACH

Vaudeville Stars Struck While Strolling on Beach; Two Others Killed by Storm

NEW YORK.—An electrical storm which swept over the metropolitan district early Tuesday night at Long Beach, Long Island, killed Bert Savoy of the stage team of Brennan and Savoy, and Jack Grossman, also of the theatrical profession, who was with him, and caused the death of a woman in Brooklyn and an 18-year-old youth in Yonkers.

Uprooting trees, falling telegraph poles and unroofing houses, the storm wreaked havoc throughout Brooklyn and sections of Long Island. Savoy and Grossman were killed by the same bolt of lightning. They were strolling together on the beach when struck. They had been in bathing.

The death of Savoy shocked the

Rialto. For eight years he had been a member of Savoy and Brennan, one of the best known present day vaudeville teams in the country, and had drawn the plaudits of thousands of theater-goers from coast to coast for his clever female impersonations. Grossman, known as Jack Vincent, vaudeville actor and song writer, also was well known.

Miss Bertha Vail was killed and two others were injured during the height of the storm in Brooklyn when the wind demolished a high brick wall that fell upon an automobile in which they were riding.

FOWLER HEADS LAWYERS

JANESVILLE, Wis.—Judge C. A. Fowler, Fond du Lac, was re-elected president of the Wisconsin board of circuit court judges at the annual session here Tuesday preceding the opening of the Wisconsin State Bar

association's convention in Janesville. Judge A. H. Reed, Wausau, was re-elected vice president and L. H. Morris, Fond du Lac, secretary.

Madison was chosen for the next convention December 27, 1924.

WIFE BEATER SMILES AS HE GOES TO CELL

BESSEMER, Mich.—With his face wreathed in smiles and a cheery inquiry on his lips as to the number of fellow guests at the county jail, Konsti Salami of Ironwood arrived here and was assigned to his room at the big stone building beside the courthouse. Konsti is the third husband of the woman who had him arrested for beating her.

WASHINGTON.—Senator Fletcher, Florida, democrat, declared there was no waste of public funds on the trial trip of the Leviathan.

LA FOLLETTE CALLS ON PEOPLE TO BREAK POWER OF MONOPOLY

Domination Over Economic and
Political Life Scored by
Senator in Magazine

MADISON, Wis.—With the declaration that monopoly is absolute master of every product necessary to feed, clothe, warm and shelter the human body, Senator La Follette in his statement in the Magazine on Wednesday, calls upon the people of the United States to break the economic and political power that shackles them.

"Each group dictates prices in its own field," said Senator La Follette in his statement. "In coal, iron, oil, lumber, sugar, and all important business enterprises in the country. Through grain exchanges, elevator combinations and packer combinations, markets are manipulated and prices fixed on all products of the farm."

"No one can truthfully deny that this states the economic conditions as they exist in this country today. No one can truthfully deny that this is economic slavery."

"The human body is not bought and sold upon the auction-block, but Monopoly is absolute master of every product necessary to feed, clothe, warm and shelter the human body. He who owns and controls that which sustains life, is, for all practical purposes, master of that life. This is economic despotism."

"It could never have been established without government aid. It could not be maintained for 90 days if it were not dominant in every department of government at Washington. Senator John Sherman of Ohio, taking all in all, was the greatest statesman of his time. Thirty-three years ago, speaking in sup-

port of the Sherman Anti-Trust Bill, he said: 'If we will not endure a King as a political power, we should not endure a King over the production, transportation and sale of any of the necessities of life.'

"He little thought the time would come in a single generation when we would have, through Trusts and Combinations, a Monopoly Power, enthroned in Manufactures, in Transportation, in all our Markets, and that the places of highest political power in every department of that government would be under its despotic control. Shall the Kingly power over our industrial and political life be longer tolerated?"

"That is the issue, and upon that issue the plain people of America whom Abraham Lincoln so loved will fight for a new emancipation from this new form of slavery."

"The economic and political power of Monopoly in these United States shall be broken."

FORT ATKINSON TRIPLES WATER SYSTEM CAPACITY

FORT ATKINSON, Wis.—Notable improvements have been made in the water system here, the capacity having recently been tripled. A total of 861,000 gallons of water can be pumped now daily. An additional storage reservoir, with a capacity of 300,000 gallons, is being installed. Supt. W. D. Leonard announced.

BILL CHANGING THE STATE FISH LAW IS SIGNED BY BLAINE

MADISON, Wis.—The Wisconsin fish laws were revised Tuesday with Governor Blaine's signature to a bill sponsored by the fish and game committee of the assembly. The measure goes into effect at once.

Under provisions of the new law there is to be a closed season for all varieties of game fish between March 1 and June 1 each year, unless otherwise provided by the statute. The exceptions to the regular season are for bass, trout and sturgeon.

Sturgeon of all varieties are protected by a closed season for which no exceptions are made. The season for large and small mouth black bass is from June 15 to December 31, with a bag limit of 10. Trout season is from May 1 to August 31, with a bag limit of 25 fish.

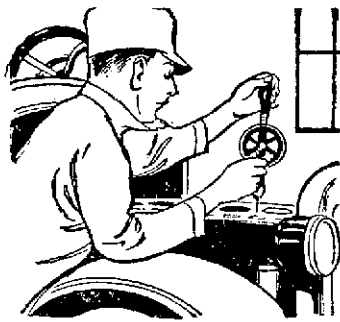

The size limit is removed but the following bag limit established for

fish: for muskellunge, 1; pike, 10; pickerel, 15; rock bass, 30; white bass, 50; bullheads 30 pounds. With certain exceptions in definite localities, there are no further bag limits.

Mesopotamia railways have the distinction of operating what is perhaps the slowest train in the world. The 120-mile stretch from Tarrag to Bagdad north is covered in 18 hours, about six and one-half miles an hour.

Enjoy Acid-Free Stomach Counteract the Cause

HARGRAVE'S HOMER BEATS CUBS AGAIN

Circuit Clout Gives Reds Final of Series in Fourteen Innings, 4 to 3

PIRATES TAKE THIRD IN ROW FROM CARDINALS, 7-5

Eighth in Row for Giants; Phils are Subdued, 6 to 3

CHICAGO, Ill.—Catcher Hargrave, who helped Cincinnati defeat the Chicago Cubs on Monday with a home run cracked out another four bagger in the fourteenth inning, giving the Reds the final game of the series, 4 to 3. The visitors had come from behind and took the lead by punching out with Chicago errors, but George Hargrave led the count in the eighth with a home run and the game went into extra innings. Third baseman Pincus was called for the strike by Alvin Karpis, who hit a third base in the fifth inning and had to be carried off the field. He will be unable to play for some time, it was said, eight stitches being required. Score: Cincinnati, 4; Chicago, 3. R H E Cincinnati 10 0 0 0 0 1 1 1 2 Chicago 10 0 0 0 0 0 0 3 12 3

PHILADELPHIA, Pa.—The Phillies made a late rally to beat the New York Yankees 7 to 5 in the eighth inning. The Phillies had a lead of 5 to 3 in the seventh, but the Yankees scored twice in the eighth to tie the game. The Phillies then scored in the ninth to win. Score: Philadelphia, 7; New York, 5. R H E Philadelphia 10 0 0 0 0 0 0 3 12 3 New York 10 0 0 0 0 0 0 3 12 3

ST. LOUIS, Mo.—The Cardinals made a late rally to beat the Pittsburgh Pirates 7 to 5 in the eighth inning. The Cardinals had a lead of 5 to 3 in the seventh, but the Pirates scored twice in the eighth to tie the game. The Cardinals then scored in the ninth to win. Score: St. Louis, 7; Pittsburgh, 5. R H E St. Louis 10 0 0 0 0 0 0 3 12 3 Pittsburgh 10 0 0 0 0 0 0 3 12 3

LANSING DEFEATS SPRING GROVE IN GAME ON SUNDAY

LANSING, Mich.—The fast Spring Grove team gave the Lansing Sox a real ball game Sunday, the Sox winning 3 to 2. The Sox have a clever little pitcher in T. Solie, a St. Paul boy, and had the veteran catcher Sorlien of DuSable behind the bat. With a 2 to 0 lead, Manager Wolfe put Kerner in the box in the fifth. Kerner got off for two stations but the seventh proved his undoing. A walk, a hit, two hit batsmen and an error giving the visitors two runs. Solie was hit under the heart in the seventh, but showed his grit by returning and finishing the contest. With the bases full, two scores in and two out, Dick returned to the box and stopped the scoring. It was a mighty interesting game to watch and considering the wet grounds a well played one. A fair sized crowd saw the game and enjoyed it in spite of the heat.

AFTER FANCY-DIVING TITLE

Helen Meany, Wellesley College girl has won national fame as a fancy diver. She is regarded as a likely winner of the national amateur crown. Here she is at practice.

Kinks o' the Links

On the putting green the player and his opponent are about to hole out. The players ball lies within six inches of the cup and the opponent's ball lies within two feet of the hole. The opponent holes out his putt and the player concedes the putt to himself, knocking his ball away to the edge of the green. Is the player considered to have holed out or must he putt his ball into the cup although it is a seemingly sure shot? Is there a penalty attached if the player's caddy should pick up his ball, conceding the putt to his player?

The ball should be holed out on every green. You are not allowed to knock away your ball and consider yourself holed out. If you should knock your ball to the edge of the green you must still hole out, playing the ball from where you have knocked it. The knocking the ball away will count you one stroke. If the caddy should pick up your ball before you have holed out, conceding the putt, you must replace the ball and sink it. The penalty for this action will count two strokes, in medal play.

If your ball should be badly cut, due to a slice or a top, and you wish to substitute another for it, will the change be made after you have holed out or can it be done during the play to the hole?

If you consider your ball unfit for play and wish to replace it with another you may do so after telling your opponent.

SPORT BRIEFS

MICHIGAN CITY, Ind.—Sailor Freeman worked out for nine fast rounds opening his preparation for the fight with Lew Tonder of Philadelphia, lightweight, on July 4.

WINNEBAGO, Ind.—The American trio finished their first encounter with foreign opponents without the loss of a set, in the tennis tournament here.

NEW FISH HATCHERY BILL UP TO GOVERNOR

MADISON, Wis.—Two new \$2,500 sub-station fish hatcheries will be established in Wisconsin if Governor Rhine agrees with the legislature and signs a bill now before him. The bill originally provided for seven sub-hatcheries in Adams, Chippewa, Eau Claire, Kenosha, Lincoln, Marinette, Manitowish and Price counties. The bill was amended to eliminate all but two, whose location will be determined by the state conservation commission.

QUINN IS VICTOR OVER YANKEES, 3-1

Ruth's Fielding and Ward's Hitting are Features of the Game

RUBE LUTZKE'S PLAYING FEATURES INDIAN VICTORY

Macks Slaughter Griffs in Final of Home Stand

BOSTON, Mass.—John Quinn pitched effectively enough for Boston on Tuesday to defeat his old team mates of New York, 3 to 1. The losers out hit the winners, but Quinn was strong in the pinches and was given good support. Catches by Ruth on the left field bank, Ward's hitting and the all around playing of Fawcett featured the game. The score: New York 1, Boston 3. R H E New York 10 0 0 0 0 0 0 1 11 2 Boston 10 0 0 0 0 0 0 3 11 2

PHILADELPHIA, Pa.—George Uhle led the St. Louis Browns to six straight wins on Tuesday and Cleveland won the final game of the series, 3 to 1. St. Louis' only run was made in the ninth when Ken Williams hit his tenth homer of the season. The hitting and fielding of Lutzke was the feature of the game. Score: St. Louis 1, Cleveland 3. R H E St. Louis 10 0 0 0 0 0 0 1 11 2 Cleveland 10 0 0 0 0 0 0 3 11 2

PHILADELPHIA, Pa.—Founding four Washington pitchers for twenty hits, Philadelphia on Tuesday closed its home stand with a 16 to 7 victory over the Senators. Johnson was the first to get the Washington batters to leave the field, retiring in the fifth after the locals had overcome a six run lead and forced to the front. Zimmerman relieved the veteran and pitched with the defeat when six runs were made off him. Dykes, Perkins, Ricardo, McGowan and Welch led the attack for the Athletics. McGowan had four hits and the others three each. The score: Washington 7, Philadelphia 16. R H E Washington 10 0 0 0 0 0 0 7 12 3 Philadelphia 10 0 0 0 0 0 0 16 12 3

DETROIT, Mich.—Leverette was knocked off the mound by two home runs, a triple and a double in the second and third innings on Tuesday. Detroit later getting on run in the ninth, which gave them a 5 to 3 victory over Chicago. Detroit made four runs on the six hits. Chicago tied the score in the seventh and both teams made two runs in the eighth. Score: Detroit 5, Chicago 3. R H E Detroit 10 0 0 0 0 0 0 5 12 3 Chicago 10 0 0 0 0 0 0 3 12 3

NEW YORK, PITTSBURGH AND CINCINNATI KEEP UP ADVANCE IN NATIONAL LEAGUE TUESDAY

CHICAGO, Ill.—By The Associated Press.—The procession kept advancing in the National league with noisy precision. New York, Pittsburgh and Cincinnati won, and Philadelphia, St. Louis and Chicago lost. Rain prevented Boston's game with Brooklyn.

It was the eighth consecutive victory for the Giants. The Quakers made noble pretensions for eight innings and then flopped in the ninth and as flat as a flap-jack six to three.

Pittsburgh has had an easy time so far this season with St. Louis, the team supposed in the pre-season to keep the Pirates out of second place. The Pirates used three of their best pitchers and killed off a ninth inning rally to win, 7 to 5.

"Bubbles" Hargrave made a big contribution to another Cincinnati victory over Chicago, making the winning run of a fourteen inning battle, 4 to 3, by knocking the pill into the leechers. The day before, his home run blow was what really won for the Reds. The Reds have now settled the third place controversy.

Old Jack Quinn scored another personal triumph over the Yankees. He has lost to them only once since Miller Huggins sent him to the Red Sox two years ago. With the help of Chick Fawcett, another Yankee cast-

off, Quinn scored a triumph over the league champions, 3 to 1, and as Philadelphia cracked four Washington pitchers winning 16 to 7, the Yankees' lead was cut down to five games.

Detrit closed its White Sox series by settling the controversy over leadership of the second division winning 7 to 6, through hard hitting. Cleveland defeated the St. Louis Browns, 9 to 1.

"Hack" Miller of the Chicago Nationals is playing a great game in the field, but his hitting in the past few days has fallen off. He saved the game for his mates several times in the final contest with the Cincinnati Reds but could not jump high enough to spear Hargrave's drive, which cleared the left field fence in the fourteenth inning.

The Cincinnati club had another couple added to its hospital list. "Babe" Pinelli, star third baseman, was spiked on the ankle and it required eight stitches to close the wound. Carey is expected back in the line-up in a day or two.

Ken Williams of the St. Louis Browns drove out his tenth homer of the season, in the ninth inning, thereby saving his club from a shut-out by the Cleveland Indians, who won behind George Uhle's great pitching.

That base, after the batsman has been put out at first would not retire him, as he retained the right to the base and was exempt from being put out while standing on it.

A runner on first can always do as he pleases on a batted ball. He has a perfect right to remain on first base if he so desires. But what would be the advantage in remaining on that base?

If a runner on first attempt to advance on any hit to the infield, even if the play is first made on the batter at first base?

The interpretation

It is baseball for him to try to advance, since it is the desire of the batsman to reach first. Not to run would be considered a "bonehead" play. Failure to run offers greater possibility for a double play and kills entirely his chances of reaching second, or perhaps even further if the play is not perfectly executed.

If a play is first made on the batsman, retiring that player, then the runner on first is not forced to advance to make room for the batsman. The batsman's retirement removes the force. The original occupant then retains the right to first base.

Touching him while standing on

DEVELOPING SPEED JACK'S OBJECTIVE IN REMAINING DAYS

To Work Out Against Lighter Fighters With Exception of Harry Drake

GREAT FALLS, Mont.—By The Associated Press.—Developing speed will be the objective of the finishing touches to be applied to Jack Dempsey's training campaign for his championship fight with Tommy Gibbons at Shelby, July 4.

The titleholder, who started boxing the lighter men in camp Tuesday, will adhere to this schedule for the rest of the week, according to the program mapped out by Manager Jack Kearns. Harry Drake, the British light-heavyweight, will be the only heavy used, as Dempsey likes Drake's style of jabbing and figures he will give him work in ducking or countering the jabs.

M'AULIFFE WINS LOW MEDAL TROPHY PUBLIC LINKS MEET

WASHINGTON.—Ray McAliff of Buffalo, with a card of 153 won the low medal trophy in the national public links golf tournament Wednesday, when John Dawson of Chicago came in with a 154, finishing his round which was stopped by darkness Tuesday night.

L. Gordon Haw of Seattle, finished third with 155. Henry Decker, the Kansas City star, failed to qualify by one stroke when he turned in a 165.

EDITH CUMMINGS ELIMINATED FROM GOLF TITLE PLAY

CHANTILLY.—By The Associated Press.—Miss Edith Cummings of Chicago, the only remaining American, was eliminated from the women's international golf championship play here Wednesday by Miss D. R. Fowler of England, two up.

It is said the matching and fitting of artificial eyes is a most subtle and difficult operation.

Avoid that Cloud of Carbon

THE carbon that cheap oils deposit in the mechanism of your motor is more to be dreaded than the blackest thundercloud.

There's little chance that the storm will do more than wet your car and muddy the roads, but the carbon, which steadily loads itself upon cylinder walls, spark plugs, piston rings and carburetor intakes, is sure to cause you trouble and expense.

Avoid it by removing its cause—unfit oil, full of free carbon. See that your engine is clean to start with and then use nothing but a clean, pure, highly efficient motor oil. There's one oil that meets every requirement and will go farther and give you better protection against friction than any other.

BOY ADMITS HE SHOT BROTHER; EVIDENCE POINTED TO FATHER

Killed Brother by Accident and Concocted Story to Shield Himself

CHICAGO — Circumstantial evidence almost branded Frank Geralka as the deliberate slayer of his 3-year-old son, John, Tuesday. Then, after hours of grilling in which his two other sons, Joseph, 12, and Frank, 8, adhered to the story which Frank later said he dreamed — that John was killed by a man wearing a red bandana handkerchief over his face who put a revolver through the open window and fired — Joseph finally admitted he killed his brother accidentally.

Neighbors Verify Story
The power of suggestion—the only explanation the police had for it—brought verification to Frank's story, told as only an eight year old could tell it. Witnesses, nearby workmen and neighboring women, told of seeing the slayer, a man of about 50, they said, escape. One was sure he saw the red bandana handkerchief on the face of the killer as the man made his way out of the alley.

"Johnnie was in bed; I was sitting on the floor," Frank told Capt. Joseph Paley. "I saw a man's hand with a revolver come through the window. I tried to pull Johnnie out of the way, but the man fired too quick. He had a red handkerchief over his face."

"I called Joe. He was in the kitchen. He came in and cried. So did I. Then people came in and my papa came home."

Corroborated by Brother
Joseph's story was similar. He said he carried Johnnie out to the kitchen table and washed the blood off the wound over the left eye. Then when the people came in he jumped out the window and found the revolver. It was he who gave it to the police, he said.

"It seems absolutely certain the father did it, but why?" Capt. Paley pondered. "Come with me, Frank," he directed, and led the youngster into his office.

Joseph was tearfully protesting to Sergeants Louis Pfannkuch and Thomas Etchingsham at 4:30 p. m. that he was telling the truth. In ten minutes Capt. Paley came for him.

"Frankie told me you did it," he told Joseph. "Now you be a good boy and tell the truth and no one will harm you."

Boy Finally Confesses
Joseph did. He found the revolver Monday as he returned from the Evanston Golf Club. He put it under the pillow on which both his and Frank's head rested all night. Yesterday morning Joseph was playing with the revolver when it was discharged, the bullet striking John in the head.

Joseph told of asking Frank not to tell that he was afraid his father would whip him; Frank agreed, he said, and kept his promise as long as he could, Capt. Paley said.

The two boys were held for the juvenile authorities while the father was permitted to go home.

MUCH LOGGING WORK DONE THIS SUMMER

RHINELANDER, Wis.—Considerable summer logging is being conducted in the woods of Oneida and adjoining counties this year. Large shipments of logs are being received daily at the Rhinelander sawmills. Among the heaviest operators are the C. C. Collins Lumber company and the Thunder Lake Lumber company, both of which concerns have headquarters in this city.

AIR FLIVVER WRECKED
MINEOLA, N. Y.—Harvey C. Mumford's "air flivver" was wrecked in a test flight and the pilot of the machine, declared to be smaller than the one brought to America by Biot, was severely cut across the face.

STRAND—TODAY

A cast of distinguished fun-makers assist Miss Doris May in her latest comedy "Up and At 'Em" at the Strand Theatre today. Among those whose comedy talents combine to make "Up and At 'Em" a laughing success are Haliam Cooley, who has appeared with Miss May in a number of her best comedies; Otis Harlan, another well known member of Doris May casts; J. Herbert Frank, Clarissa Selwynne, John Gough and H. Carter.

"THE LAMP IN THE DESERT"

Sensation at the MAJESTIC
Dynamic action, sustained gripping love interest, set in the most mysterious and enchanting land in the world—India, plus an entirely new angle to the eternal triangle situation, makes "The Lamp in the Desert" a sensation on the screen. No picture of the year is so full of the good things that combine to make a really worthwhile picture as this fascinating love story of Ethel M. Dell's.

In addition to being a great story, well acted and splendidly directed, the picture at the Criterion raises a very interesting and unusual question—that of what the choice of a woman would be if she suddenly discovered she had two husbands living.

"The Lamp in the Desert" will be the attraction at the Majestic for the last times tonight.

VIOLA DANA QUALIFIES AS A PORCH CLIMBER

Viola Dana, the little Metro comedienne, is ready for her card in the California local of the porch climbers' union. Usually, the old-timers in these unions make deprecating remarks about the abilities of new applicants who appear for tests, but Miss Dana has done so much porch-climbing in her new photoplay, "Her

Fatal Millions", which is now at the Casino Theatre, that she could probably qualify for a double-A card.

After shinning up the porch pillar of a Pasadena mansion, she risked several square inches of epidermis by sliding down in a hurry. It was all for the sake of a good scene in this new story by William Dudley Pelley. Miss Dana's notable supporting cast for "Her Fatal Millions" includes Family Gordon, Allan Forrest, Edward Connelly, Peggy Brown, Kate Price, Joy Winthrop and others.

RAY AT THE RIVOLI THEATRE

Hidden away from most of his fellow countrymen for years because of a sensitive modesty, the most interesting adventure of a great American is now brought to the knowledge of the masses by Charles Ray. In a vivid and compelling picture of "The Girl I Loved", made for United Artists, and backed at the Rivoli today and till Saturday, this popular star of the screen draws from practical obscurity the personal romance of James Whitcomb Riley as described by him in a poem that he finally withheld from his published works when its intimate revelations were disclosed as his own.

Mr. Riley passionately loved a maid and when he was about to claim her, as he too confidently believed, a rival appeared. Out of this dual struggle for the hand of a girl grew a network of tragic events which

La Crosse Hat

It costs no more to go **this** Splendid Route

If you are planning a trip to the West this summer, consider the advantages of travel on the Chicago, Milwaukee & St. Paul.

The "Milwaukee" owns and operates every car on its road from Chicago to Puget Sound. Every train attendant on it is a "Milwaukee"-trained and "Milwaukee"-responsible man. Its cars are modern, bright and clean; its dining car service is famous.

The "Milwaukee" route is northerly and cool, and through the mountains it is electrified. Where scenery is the glory of the trip, electrified operation insures a smokeless, dustless, jarless journey.

Let us book your reservations on "The Olympian," the thousand-ton, electrically-driven train of the most progressive railroad in the world.

Low rates for summer travel are in force now on the Chicago, Milwaukee & St. Paul to all Points West until Sept 30. Final return limit Oct 31

Gives the shine that preserves leather and resists weather!

There's a SHINOLA shine for every shoe—

Black, Tan, White, Ox-blood, Brown

For father, mother, sister, brother—keep the SHINOLA Home Set handy! The dauber, of genuine bristles, cleans the shoes and applies the polish. The big lamb's wool polisher brings the shine like magic.

The nifty, thrifty, everyday habit—

"The Shine for Mine"

exemplifies the maxim that "there is a drama in every home."

AT THE MAJESTIC THURSDAY

"The Last Moment," the picture which comes to the Majestic theatre on Thursday is heralded as another one of those thrilling dramas of the sea, with a brutal captain, a storm, and a shanghaied hero and heroine.

Henry Hull, one of the finest young actors of the screen, who played the leading role in "The Cat and the Canary," the great stage success, plays the cultured youth who rises to valor when the girl he loves is menaced. Doris Kenyon, the society bid who gets a taste of raw life on the briny, Louis Wolheim, the famous character actor of "The Dairymaid," Eugene O'Neill's New York Stage hit, plays "The Terrible Finn," who guides his ship more by use of a belaying pin and his sturdy right fist than by a sextant.

EARTHENWARE STILL GREEN BAY PUZZLE

GREEN BAY, Mich.—Something new in stills was discovered in the residence of Joel Stange by Thomas Martin, federal prohibition agent here. Stange, according to the agent, had the novel plan of using an earthenware jug for the body of the still, attaching the condenser coil to the neck of the jug. How he succeeded in heating it without cracking the jug is more than Mr. Martin could figure out.

"Aunt Hagar's Blues"

In the fox-trot with all the weirdness of a voodoo incantation. But just wait till you hear the Columbia Record of it played by Ted Lewis and his Orchestra. It will put the "hants" on you.

ISSUE NEW RULES GOVERNING COAL CAR DISTRIBUTION

WASHINGTON.—New regulations governing the distribution of railroads' coal cars, especially in times of shortage, will go into effect September 1, ending a protracted controversy between carriers and bituminous mine owners.

An order issued by the interstate commerce commission will stop the practice of carriers of assigning cars to mines producing coal for railroads in addition to the number allotted them, pro rata on the basis of their production capacity. It also held that

the purchase of coal cars by mine operators, public utility companies and industrial corporations had proved of "no practical utility" except in periods of car shortage, and ruled that these owners at such times were not entitled to pro rata shares of the railroads' equipment in addition to all of their own cars available.

The anthracite car supply was not touched upon in the order.

DEDICATE FINE NEW TEMPLE

BONUS TO BE PAID COUNTRY TEACHERS FOR GOOD SERVICE

Fifty Thousand to be Divided
Among Teachers Remaining
in School More than Year

MADISON, Wis.—An apportionment has just been completed in the office of State Superintendent John Callahan, whereby the sum of \$51,168.05 will be distributed among 1,884 rural teachers in the state under the provision of section 40.14 which provides that a teacher in a rural school who remains for the second year and teaches successfully shall receive \$2 per month extra during the second year. If she continues in the same school for a third year, \$4 per month additional; if for a fourth or any succeeding year \$8 per month additional.

In addition to the \$51,168.05 which will be distributed to the various teachers from the office of the county superintendent, the sum of \$1,043.85 was withheld for the benefit of the pension fund. During the school year of 1922-1923, a total of 1,166 teachers were retained in the schools for the second year; 494 were retained for the third year; 135 for the fourth year; 65 for the fifth year; and 20 teachers were retained for additional years running from six to fifteen. A total of 95 applications were denied for various reasons affecting the legality of the application.

FIVE CHILDREN, SICK WIFE, CUT DRUNKEN DRIVER'S FINE

GREEN BAY, Wis.—Earlier than most William O'Connell, father of five children, to jail for thirty days because he was unable to pay a fine of \$100 after pleading guilty to a charge of driving while intoxicated. Judge Fowler in Police court reduced the penalty to \$25, to enable the man to pay up, find a job, and support his children and sick wife.

CADDIE IS KILLED BY LIGHTNING BOLT

PITTSBURGH, Pa.—John Pearce, a caddy at the Castle Shannon links, was killed by lightning in a storm on Sunday. The boy, with a bag of clubs over his shoulder, was struck while crossing the course.

It is computed that nearly 10,000,000 wild animals are killed yearly for the sake of their fur.

TOURISTS SAVE FAWN FOUND SHOT IN WOODS

EAGLE RIVER, Wis.—Tourists near Kamrook captured a fawn with a broken leg. Evidently the animal had been shot by a poacher. The leg was set and the fawn will be kept until it is able to roam the woods again.

FLOOD CONTROL IS TOPIC OF MEETING ON NEXT SATURDAY

OSHKOSH, Wis.—The Wolf River Improvement Association of Schlecton and the Association for Relief of High Water of Oshkosh will hold a joint all-day meeting at Schlecton on Saturday, June 30, to discuss the problem of flood control.

Two plans are to be considered, one to dig a canal from Schlecton to Green Bay controlled by a gate so as to throw flood waters direct into Lake Michigan instead of letting them flow down the upper Wolf Valley, and the other to put Wolf river into Lake Shawano, raise the banks of the river four feet and make the lake a reservoir for water in dry seasons.

These plans will be put into concrete form at the meeting and presented to the secretary of war and to Gov. Blaine with the request that government engineers be sent here to make a survey of the flooded districts and recommend some plan of relief. Congressman Florian Lampert of Oshkosh will address the meeting as will President Alan H. Tripp of the Oshkosh association who will explain the situation from the standpoint of his organization.
